

Squash court 1 may be slightly slippery for a while as the dust settles after the new £3500 floor has been put down. The three gaps you can all see in the flooring , running from front wall to back wall are planned expansion gaps. There is a section of flooring behind the bar for you to see what a sprung floor looks like...just ask bar staff to see it.

Outside court 1 is a court brush & dustpan/hand brush- please feel free to help by regularly brushing the court before play.

Thanks to all club members who played in Nicks "Red" & Alan's "Green" summer teams.

The Green team came second in their table and had a really good season. It saw the development in leaps & bounds of young Harry Clapham who had some excellent results over the summer. The team just therefore missed out on a place in the final.

Nicks Red team was used more for a team player match practice or player introduction to team squash....well that is our excuse as we only won one match!

The matches helped to fill the courts & bar over the summer months which is a necessity for the club.

The Club subscribes to both Sky & BT sports . Apart from the Working mens club at the far end of Haxby..where else can you watch all this football and have drinks at less than pub prices!

Do you know anyone who would like to sign up as a social member, or in fact is coming in with you now but not signed up as a member ? We need to encourage new social membership to cover the subscriptions and the bar staffing costs...

It must be easy enough for each member to sign up a social member at only £10 p/a (& a one off £5 door access fob purchase) If they are a member of the Tennis / Grasshoppers/ Petanque or Bowls Club,s it is only a £5 membership.

On Fridays Nick also sends out a weekly Sports Bar by email to point out the football being shown each week. If you would like to be included in this news sheet please reply to the WiggE-news letter email(nickandsheila@tiscali.co.uk)

Remember all that footie on two big screens....and cheaper beer than the pub!
