

## Squash court wall cleaning nearly complete

Thanks to Alan Hancock , Jonny Duffield, Rachel Webster, Ray & Alex Chalmers for their help in trying to complete the squash court wall cleaning. We have only 1 wall to finish off to complete the task

Watch this space for the final members volunteer session!

New court floor cost £3500 ..hence the campaign to ensure squash shoes are clean, not worn outside, non marking & that there are spare shoes for guests under the seats in the bar. (More donations required!)

However, there have been two instances recently of members having blood injuries and playing on, leaving blood marking the floors & walls. Please do not continue playing & as not only does it mark the court but it is not pleasant for another member to have to clean it up.

Thanks
